First Draft (Supplement)

INTELLIGENCE ADVISORY COMMITTEE

Annual Report to the National Security Council  
on the Status of the Foreign Intelligence Program

References: (a) IAC-D-55/11 (Final), 14 August 1956  
(b) IAC-D-55/12.3 (First Draft), 13 August 1957

1. In reference (b) we indicated that a proposed section for the Annual Report to the NSC covering the Clandestine Collection Program would probably be distributed following further internal CIA clearances. Such clearance has now been received and this proposed section is forwarded herewith for review. In addition, we are including a paragraph on the activities of the military services in this field (subparagraph i), which is based on contributions by the Services. This whole section should be inserted following page 50 of reference (b).

2. Our present plan is to consider this portion of the report near the end of the coordination session in order to allow the maximum time for review by the agencies. The exact time of review will therefore depend largely on the progress made in coordination of the balance of the paper. As indicated in reference (b), we expect to begin the coordination of Section A and Section B on Wednesday, 27 August, at 10 a.m., in Room 115, Administration Building.
